We will not collect additional categories of personal information without notifying you.

How we collect information: what are the sources of the personal information we collect?

We collect the above-mentioned categories of personal information, either directly or indirectly, from you when you use this Application.

For example, you directly provide your personal information when you submit requests via any form on this Application. You also provide personal information indirectly when you navigate this Application, as personal information about you is automatically observed and collected. Finally, we may collect your personal information from third parties that work with us in connection with the Service or with the functioning of this Application and features thereof.

How we use the information we collect: sharing and disclosing of your personal information with third parties for a business purpose

We may disclose the personal information we collect about you to a third party for business purposes. In this case, we enter a written agreement with such third party that requires the recipient to both keep the personal information confidential and not use it for any purpose(s) other than those necessary for the performance of the agreement.

We may also disclose your personal information to third parties when you explicitly ask or authorize us to do so, in order to provide you with our Service.

To find out more about the purposes of processing, please refer to the relevant section of this document.
Sale of your personal information

This means that, for example, a sale can happen whenever an application runs ads, or makes statistical analyses on the traffic or views, or simply because it uses tools such as social network plugins and the like.

Your right to opt out of the sale of personal information

You have the right to opt out of the sale of your personal information. This means that whenever you request us to stop selling your data, we will abide by your request.

We may also use your personal information for other reasons such as for commercial purposes (as indicated within the section “Detailed information on the processing of Personal Data” within this document), as well as for complying with the law and defending our rights before the competent authorities where our rights and interests are threatened or we suffer an actual damage.
